

National Escort Group

Northwest region

Annual report 2020

Very quiet year due to the coronavirus crisis. However we had no problems ensuring those races that did take place were fully covered with motos.

We had lots of enquiries from people wanting to join the NEG but we were not in a position to take any trainees but once the 2021 season starts to shape up we will review this. British Cycling hold a list of potential candidates, interested parties should contact BC.

We had one moto promoted to level one(highest level) after he successfully completed the regional commissaires course.
