## PROFILE

I am 48 years old, I live with my family at Inskip, Preston. I am self-employed and have been for 27 years so I am used to speaking and dealing with people. I work with tools, but being self-employed I have admin to carry out on a daily basis, then said I keep it as simple as possible.

## EXPERIENCE WITH CYCLING

I started cycling about 2007, this has been mountain biking, road and cyclocross which has all included racing regional and national races.

My daughter is 15 years old, she started cycling about 7 years ago which led me to help out and achieve level 1 and level 2 coaching qualifications. From which I have been coaching road and cyclocross.

I have organised regional road races for the last two years for the north west youth league. I have helped out in cyclocross and road racing regional and so I have a large network of friends around this region especially in the youths.

I have helped Caroline at the national road race north west youth tour with being the chief marshal coordinator.

My daughter has been racing national cyclocross, road and track for 3 years, which has given me a large network of friends and knowledge nationally now within cycling.

We are at the national cycling centre 2-3 times a week with track.

## I WOULD LIKE TO BE ON THE BOARD?

I would like to be on the NW region Board to help out and offer my experience and to keep the sport rolling for the children.
